THANK YOU SUZIE !!

Mrs. "Suzie" Michelot has served the Community League for more than 23 years. With her help, advice and love, the Community League has grown to the most important recreational activity in our town. We would like to thank her for this wonderful job she has done, which has made it possible for all of us to enjoy the many pleasant things which a well organized Community League can give. We wish her all the best in her new job and good health for many years.

STURGEON HEALTH UNIT

OPERATION SUGAR LUMP

Dr. Elizabeth Hill, Medical Officer of Health for the Sturgeon Health Unit requests:

Every resident of the Sturgeon Health Unit area to swallow a few drops of Sabin poliomyelitis vaccine on a lump of sugar. Every child and adult who has had a series of inoculations with Salk or a combined vaccine completed at least one month ago, should have Sabin vaccine. Sabin oral poliomyelitis vaccine is as important for adults as for school and pre-school children. There is no age limit.

It is planned that school children will be fed the vaccine during school hours. Special clinics are being organized for children not at school and for adults. Remember, there are no needles, no fuss. Operation Sugar Lump is up to you.

A few minutes of your time is your only payment for this vaccine.

Protect yourself and your family by swallowing this pleasant tasting syrup at the clinic in your area.

Procedure for administering the vaccine will be simplicity itself; just suck a sugar lump into which the public health nurse has dissolved a few drops of the pleasant tasting vaccine.

All Sabin vaccine to be used will be a product of the Connaught Laboratories of Toronto, which during the past seven years have manufactured hundreds of millions of doses. This is being provided

free by the Federal and Provincial Health departments.

The dates for this special Oral Polio clinics in the Main Office at 14 Piron Street, St. Albert are:

Wednesday January 23, from 8:30 a.m. to 12 noon and from 1 p.m. to 5 p.m.

Thursday January 24, from 8:30 a.m. to 12 noon and from 1 p.m. to 9 p.m.

Thursday January 31, from 8:30 a.m. to 12 noon and from 1 p.m. to 9 p.m.

Friday, February 1, from 8:30 a.m. to 12 noon and from 1 p.m. to 5 p.m.

WELL BABY CLINIC

All regular well baby and immunization clinics held by the Sturgeon Health Unit will be cancelled during the two weeks starting January 21st due to the giving of Sabin oral poliomyelitis vaccine during this time.

COMMUNITY LEAGUE

The Annual Meeting of the St. Albert Community League will be held at 8:30 p.m. on Monday, February 18th. The meeting will consist of reports by the President, Secretary Treasurer and all Committee Chairmen, the presentation of the revised constitution, and the election of officers for 1963.

LIQUOR STORE

Dear Editor,

It seems unfair to criticize our town council for not taking sides in an argument between two groups of merchants. Unless one of the sites offered for the liquor store was definitely not in the town's best interest, Council would seem to be exercising excellent judgement by remaining impartial.

In a sincere attempt to determine the wishes of the people of St. Albert as to the location of the proposed liquor store Mr. Keith Everett, M.L.A., undertook to personally conduct a survey of all residents. His decision to conduct the survey personally was to ensure that it be strictly impartial and without pressure from any group, and as a further guaran-

tee that his survey would be impartial, he asked that there be no campaigning by any group or organization. In spite of his request however, the Grandin Shoppers' Park Merchants' Association sent an open letter to the citizens of St. Albert telling them where the liquor store should be located, and to take full advantage of the situation, the letter was sent the day before the survey was to start. This seems to us to be taking unfair advantage, but what really disturbs us, is that the "open letter" contains statements which were not true. The Downtown Business Men's Association is not a small group working against the best interests of the community. Our group consists of at least 36 business men, many of whom have been doing business in St. Albert for many years. This is the same group who has been working to obtain a liquor store since 1959, long before Grandin Shoppers' Park existed. When the new arrivals at Grandin Shoppers' Park have contributed to the welfare of this community to the same extent as the downtown business men, they might then be in a position to cast reflections on our loyalty. Our reasons for wanting the liquor store located downtown are quite simple. To list a few: 1. Convenient access from Highway No. 2 to serve out of town shoppers 2. Convenient to all sections of town 3. Elimination of traffic hazards by avoiding the necessity of travelling through residential areas. 4. Close to the R.C.M.P. These are only a few reasons

ons and certainly not against the best interest of our community. The property offered to the Alberta Liquor Board contains ample off-street parking facilities, two whole lots just for parking! Any suggestion that Grandin Shoppers' Park is the most central location just does not take into consideration development plans on file at the Town Office.

Downtown Business Men's Association

Dear Editor,

The other night a gentleman called at our door and asked me to vote "for" or "against" a Liquor Board Store. At the time I was beset with other worries and annoyed at his intrusion - so I didn't vote. Almost as soon as he left, I was sorry. Sorry I'd missed my chance to vote against it.

I look upon liquor as our Number One Evil of the day. I've based this on what I've read, what I hear on Hart Cantalon's radio interviews and upon what I see. What fools liquor makes of the very nicest people!

Wouldn't it be nice if our community were free of it and thus be a more wholesome place in which to raise our families?

Mrs. F. Lockhart.

From the Town Brass - Meeting Monday January 14

Monday's meeting was shrouded in mystery, as far as the general public was concerned. Under a resolution by Councillor Powell, confidential matters to be presented by Solicitor Brownlee of Brownlee, Brownlee and Fryett, were discussed in a closed committee meeting. The committee consisted of a perfect turn-out of Council, along with Mayor Veness. The interested public, the largest number in some time, spent two hours waiting outside the closed Council doors. On re-opening the meeting, the following resolutions were passed: 1. Councillor Stewart moved that a financial programme, to be followed over the next 5 to 6 years, be prepared. In drawing up such a programme, consideration would be given to past financial experience. 2. It was moved that Deputy Minister Morrison, from the Department of Municipal Affairs, be invited to attend a closed committee meeting to be held on Thursday, January 17. 3. It was moved by Councillor Ed Powell that a debenture by-law be prepared to meet the results of the financial programme. 4. A resolution, moved by Councillor Stewart, and passed, that a Development Scheme, the contents of which it was felt should be kept confidential at this time should be referred to the Technical Advisory Committee.

From the Town Brass - Meeting Tuesday January 15

Statement from Mayor William Veness

In view of remarks expressing concern and disappointment regarding the Meeting of Council last evening, I would like to make the following statement to clarify Council's action in meeting in Committee, to discuss the financial position of the Town and to receive a report from the Town's solicitor regarding his negotiations on behalf of the Town with the Provincial Government.

In view of the matter to be taken under discussion and on the advice of Mr. Brownlee, Council agreed to receive his Report in Committee.

Negotiations with the Provincial Government are not yet complete and Council is to meet, in Committee, with Mr. Morrison, the Deputy Minister of the Department of Municipal Affairs, on Wednesday of this week to further discuss this pressing matter.

Therefore, it is my desire to briefly outline the Town's financial position at the present time.

The Town inherited from the past Administration, financial commitments which could be met under New Town Status. However under Town Status, our ability to finance has been greatly changed and because of this, our ability to meet our commitments in regard to General Government and Development Accounts has been severely restricted. During the past three months Council has been negotiating with the Provincial Government for some relief and clarification whereby these financial commitments could be resolved without jeopardizing the Town's Development Programme and without burdening the Taxpayers with an unnecessary and exorbitant increase in the mill rate.

Some assistance and advice has been received from the Provincial Government, but in order to ascertain whether this assistance and advice will be sufficient to resolve the problem completely, Council has authorized the preparation of a Financial Programme for the next five years. Also under consideration by Council at the present time, is a proposed development scheme staging report. Council hopes that these reports will provide the answer within the next thirty days, and at that time a further statement will be issued to the Public and to the Press.

I beg of you to exercise your patience and support, for the present Council is concerned only with maintaining a Town in which we will all enjoy the necessary amenities and a rate of taxation comparable with neighbouring Municipalities.

Councillors DeBruijn and Wheating were elected to alternate as St. Albert's representatives to the Control Committee of the Alberta Emergency Measures Organization.

Town Engineer, Mr. Braden, attended Tuesday's Council meeting. He reported that the Winter Works Program (including the Fire Hall) was progressing satisfactorily.

As of April 1, 1963, St. Albert's R.C.M.P. detachment will consist of 5 men, an addition of one man to the Force.

During December of 1962, 28 single-family resident permits were issued. This brought the year's total to 461 residential permits valued at \$5,519,823. This is an increase over the 1961 figures, when it was reported that 276 single-family residence permits were issued, value being \$4,105,463.

Five members were elected to the Court of Revision, these being Councillors Shrobo, DeBruijn, Stewart, Montpetit and Wheating.

The Interim Development By-Law had its first reading. The next step will be for the Town to advertise this By-Law for the general information to the citizens of St. Albert.
